

**We honor veterans!**

**Safari Club International  
Redding Regional Chapter**

**Disabled Veterans Program**

The program is designed to foster and promote opportunities for disabled veterans to experience the hunting tradition and heritage, and to recognize the individual's perseverance in hunting activities.

Disabled hunters and shooters across the country are benefiting from the generous gifts of time, goods, and services provided by SCI chapters and members.

In 2009 the Redding Regional Chapter recognized Doug McKinnon, as a disabled person, veteran and active Chapter member with an Antelope Hunt to Wyoming.
